

HAWORTH

# Asia Pacific Colour Collection

**Fabrics and Finishes**

November 2023

# Overview

Haworth is committed to keeping our colour, material, and finish offerings fresh and current, providing you with:

- Offerings that are designed to complement a variety of organizational cultures and support changing workstyle environments.
- The latest high-performance textiles and an inspiring global palette that enhance our new products and design direction.
- Design freedom to mix, match, layer, and coordinate different colours, materials, and finishes, giving you the tools to fully express the personality of a company's brand.
- Fun, playful, and human-centric options for today's evolving workspaces.

# Our Sustainability Commitment

Haworth's latest material and finish offerings have the durability and sustainability our customers expect. Using recycled fibers, as well as water-based paints and stains, we provide environmental solutions wherever possible.

Sustainability features of our fabric collections include:

- OekoTex Standard 100 certified fabrics
- Ecolabel certified fabrics
- Cradle-2-cradle certified fabrics
- Second nature and GRS recycled fabrics
- Fabrics made of ocean plastic

# Our Partners

The Haworth Colour Collection is designed with the philosophy that our fabrics and finishes are offered broadly across our various product lines (unless constrained by manufacturing processes) allowing designers to blend products simply and easily.

At Haworth we ensure our fabrics satisfy the highest quality standards so they look and feel good for years on end. Needless to say, we offer a vast variety of materials and colours for all kinds of furniture.

The broad spectrum of surfaces we offer at Haworth ranges from real wood and veneer to melamine and glass, giving you every opportunity to select the right solution to suit your specific requirements.

We create partnerships with companies that conform to our values and ensure added value for our customers.

**6** **HAWORTH**  
**General Instructions**

The following instructions are recommendations only. While these instructions are usually effective, each circumstance is unique, and we cannot guarantee the best results will be completely successful.

**Fabric Care**  
Most fabrics can be easily maintained by simple vacuum cleaning or brushing and cleaning with dry foam. Leather finishes should be wiped clean with a slightly damp cloth or a recommended leather cleaner.

**Wood**  
Dry your wood furniture regularly to avoid buildup of dirt and grime that can dull the finish. Dust with a clean, damp cloth following the grain of the wood. Wipe clean with a soft, dry cloth. Do not use excess amounts of water and do not allow water to seep on the wood surface.

**Other Material**  
Leathers: Wipe down with barely damp cloth or use a recommended leather cleaner.  
Glass: Spray with a glass spray and wipe with a soft dry cloth.  
Metal: Wipe with a moist detergent and warm water. For metal storage and other items, avoid getting the moving parts dirty.

# General Instructions

The following instructions are recommendations only. While these instructions are usually effective, each circumstance is unique, and we cannot guarantee the treatments will be completely successful.

**General maintenance:** Wipe with a mild detergent and warm water. **Stain removal:** Wipe with a non-abrasive cleaner, rinse with warm water and dry with a soft cloth.

## Fabric Care

Most fabrics can be easily maintained by simply vacuum cleaning or brushing and cleaning with dry foam. Leather finishes should be wiped down with a slightly damp cloth or a recommended leather cleaner.

## Wood

Dust your wood furniture regularly to avoid build-up of dirt and grime that can dull the finish. Dust with a clean damp cloth following the grain of the wood. Wipe clean with a soft, dry cloth. Do not use excess amounts of water and do not allow water to stand on the wood surface.

## Other Material

**Leathers:** Wipe down with barely damp cloth or use a recommended leather cleaner.

**Glass:** Spray with a glass spray and wipe with a soft dry cloth.

**Metal:** Wipe with a mild detergent and warm water. For metal storage and chair bases, avoid getting the moving parts damp.

# Disinfecting Guidelines

These recommendations are for the purposes of disinfection only. For general **care and maintenance instruction** related to the upkeep of a product's aesthetics over time, please refer to the **Care and Maintenance guide**.

**Most workplace surfaces can be cleaned with these three cleaning solutions:**

## Disinfecting Wipes

(containing Quaternary compound disinfectant)

Look for products whose active ingredient is a Quaternary Ammonium Compound or "Quat" disinfectant  
Make sure the wipes do not include bleach

## Alcohol Disinfectants

70% medical alcohol (70% is minimum recommended by CDC)

Disinfecting spray without bleach

## Cleaners containing Hydrogen peroxide

**Be inspired,  
get creative!**
